## FRONT-END DEVELOPER - REACT JS

Front-End Developer with 4 years of experience building scalable, responsive interfaces using React JS, HTML5, CSS3 Javascript. Proven track record in developing reusable UI components and delivering user-focused solutions in Agile environments. Eager to contribute to innovative teams and drive high-impact front-end development.

## TECHNICAL SKILL

### Front-End Development

- React JS, React Hooks (useState, useEffect, useContext, useReducer), Redux, JavaScript Functional Components, Reusable UI Architecture.

### UI/UX & Styling

- HTML5, CSS3, Material UI, Styled Components, CSS Grid & Flexbox, CSS Variables, Responsive Design

### Performance & Testing

- Lazy Loading, Chrome DevTools, API Testing with Postman, Unit/Integration Testing

### Agile & Collaboration

- Scrum, Kanban, Jira

## EDUCATION

- PGDM - SOFTWARE ENGINEERING - (2020)

Full Stack Development - DSA, Java, React JS - 80%

- BACHELOR OF ENGINEERING - (2015-2019)

Mechanical Engineering - 7.29

- HIGH SCHOOL - (2013 & 2015)

10th - 92% & 12th - 90%

## ACHIEVEMENTS

- Received **on the spot** award for best team and team collaboration in project deliverables
- Completed ten plus internal certifications.
- Completed two courses in **React JS** and **UI** Development.
- Reduced page load time by **30%** through **lazy loading** and efficient use of **React Hooks**.
- Consistently received positive client feedback for delivering **UI** features ahead of schedule with high quality.
- Led a team of **5+** developers in Agile sprints, achieving **95%** sprint task completion rate for consecutive months.

## WORK EXPERIENCE

### TATA CONSULTANCY SERVICES - CHENNAI - ( MAR 2021 - PRESENT )

#### TEAM LEAD - REACT JS DEVELOPER

- Led development of dynamic, high-performance applications using **React JS**, leveraging functional components and advanced **React Hooks** (**useState**, **useEffect**, **useContext**, **useReducer**) to enhance maintainability and performance.
- Designed responsive, cross-browser layouts with **HTML5**, **CSS3**, **Flex-box**, **Grid Layout** and **CSS Variables**.
- Adopted **component-based architecture** to build reusable, testable, and scalable UI modules.
- Spearheaded a team of developers in an **Agile (Scrum/Kanban)** environment, managing sprints, leading daily stand-ups, and using **Jira** to prioritise and delegate tasks effectively.
- Streamlined collaboration through **Git**, **GitHub**, and **GitLab** for version control and collaborative development, managing feature branches and pull/merge requests efficiently.
- Managed state efficiently using **Redux**, implementing scalable patterns for complex data flows and asynchronous operations.
- Collaborated with API integration team and also worked in data fetching using **Axios**, validating endpoints with **Postman** and debugging issues via **Chrome DevTools**.
- Optimised front-end performance through **lazy loading**, improving load times and user experience.
- Coordinated closely with clients and stakeholders to review feedback, align feature development, and ensure deliverables met business requirements.

#### SUPPORT & DEVELOPMENT - REACT JS

- Acquired in-depth training in **React JS**, **HTML5**, and **CSS3**, establishing a solid foundation in front-end development and best practices.
- Performed monthly deployment cycles using **Bamboo CI/CD** pipelines, streamlining updates to applications and websites with minimal downtime.
- Monitored **Splunk** to proactively monitor application logs and performance, conducted routine health checks on **AWS EC2** instances to ensure system stability and uptime.
- Collaborated closely with Integration, Digital, and Operations teams, aligning development efforts with client needs and internal product strategies.

### MADRAS ENGINEERING INDUSTRIES - CHENNAI - ( APR 2019 - FEB 2020 )

#### QUALITY INSPECTOR

- Collaborated with the quality control team to facilitate product inspections.
- Applied deep knowledge of mechanical systems and quality standards to conduct thorough product inspections.
- Performed detailed quality inspections, providing comprehensive reports for further analysis.
